

4-H Western Heritage Project

The 4-H Western Heritage Project is a combination of 4-H Shooting Sports and a living history of the "Old West" from 1860 to 1900. Participants in this project compete in a modified Cowboy Action Shooting event designed specifically for 4H. In addition, the participants learn about the old west and develop a "character" or persona as well as an outfit to use as part of the shooting competition. This is the second year for the project to be included as an official event at county shoot.

My hope is to allow anyone that is interested in the county to come and learn about the project at our first meeting. If there are leaders in any clubs interested in attending training, or 4H'ers who don't have a leader yet for this project, they are encouraged to join us as well. I am happy to have them attend and be part of the project with us also, regardless of which club they belong to.

The dates for our Project meetings will be:

Feb 10 - new participants and leaders Intro meeting.
Feb 24
Mar 10
Apr 21
May 12

Meetings will be held from 1-3 pm at 455 Angus Way, Highlands Ranch, 80129 . Shooting practices will be held separately starting around mid April, most likely in Sedalia.

Please let me or the Extension office know if you are interested in the project, are planning to attend the meeting on Feb 10, or if you have any specific questions.

Thanks very much.

Tyler Summervill
Western Heritage Superintendent
303-434-7826
